Our Lawyers for the Profession® practice group, consisting of 60-plus lawyers, is devoted to representing and advising lawyers and law firms on all aspects of the "law governing lawyers." We focus on four broad areas: legal malpractice defense; ethics and professional responsibility representation and counseling; law firm organization and structure; and risk management services. We have 11 states well-covered and try lawyers' cases nationally wherever needed. Our lawyers anticipate and preempt professional problems, but when disputes occur we offer sound solutions or, where necessary, effective advocacy.

Our leading position as lawyers for the profession is further evidenced in the published works of our team, the professional appointments and bar association positions we hold, the frequency with which members of our group are invited to serve as expert witnesses, and the large number of lectures and presentations we are invited to give annually. In fact, we have chaired virtually every bar-related organization and committee concerned with legal ethics and professional responsibility and one of our partners served as President of the Association of Professional Responsibility Lawyers (APRL), a nationally prominent bar group.

Hinshaw was named by U.S. News - Best Lawyers as the 2014 “Law Firm of the Year” in the area of Ethics and Professional Responsibility Law.
