

D.L. Morriss Presents on International Banking Litigation and AI Regulation

At New York Bar Association International Section Global Conference

Event

October 21 – 23, 2026

Buenos Aires, Argentina

Hinshaw partner D.L. Morriss will present on two panels at the New York Bar Association International Section 2026 Global Conference in Buenos Aires, Argentina, on October 21 – October 23, 2026.

The Rise of Wire Fraud and Global Banking Litigation Claims

In the first panel, D.L. will speak on “The Rise of Wire Fraud and Global Banking Litigation Claims,” on Wednesday, October 21. He will be joined by Andrés O’ Farrell, Partner at Marval O’Farrell Mairal (Argentina), and Felicitas Llauro, Vice President and Assistant General Counsel at JPMorgan Chase & Co. (Argentina).

The panel will examine the growing wave of bank liability claims stemming from wire fraud schemes, including the New York Attorney General’s proceedings in *People of the State of New York v. Citibank, N.A.*, and comparable international banking litigation.

AI Governance and Regulation: Emerging Markets and Consumer Protection Considerations

In the second panel, D.L. will present on “AI Governance and Regulation: Emerging Markets and Consumer Protection Considerations,” on Friday, October 23. He will speak alongside Prof. Azish E. Filabi of Filabi Law & Advisory LLP (US), Antonio Marcos Fonte Guimarães, Deputy Head of Financial System Regulation Department, Central Bank of Brazil (Brazil), and Lyne Kagwi, International Corporate & Compliance Attorney (US).

Panelists will analyze:

- Comparative approaches to AI regulation and their impact on the development and deployment of AI technologies.
- The unique opportunities and regulatory challenges facing emerging markets across Africa, Europe, and South Asia.
- Consumer protection, human rights, and socio-economic concerns arising from AI adoption.
- Risks associated with AI-enabled decision-making, including bias and discrimination in employment, housing, policing, and lending.
- The need for coordinated international responses, including transparency frameworks, accountability measures, and consistent global standards for AI governance.
