

Hinshaw to Present at Home Care Association of America Illinois Conference

Event

May 16, 2017

A team of Hinshaw & Culbertson LLP attorneys will be presenting and exhibiting at the first ever Home Care Association of America (HCAOA) Illinois Conference to be held May 16, 2017 from 8:00 am – 5:00 pm (central) at the Hilton Lisle/Naperville Hotel in Lisle, Illinois. The HCAOA is the nation's first association for providers of private duty home care; it exists to provide leadership, representation and education for the advancement of non-medical private duty home care and provide a strong unified voice to speak to the issues of concern within the industry. With the theme “Navigate, Educate, Elevate,” attendees of the conference will learn about the latest home care innovations, business strategies, practices and methods.

Chicago-based partner Aimee Delaney will speak at a session titled, “Employment Law Update: Trends and Developments in 2017” from 2:00 pm – 3:00 pm (central). Delaney's presentation will address significant developments in the ever-changing landscape of employment law, including paid sick leave, minimum wage and overtime. Also attending the event are firm partners Adam Guetzow and David Alfini who will be happy to answer any questions you may have at Hinshaw's exhibitor sponsor booth.
